ORBAFOAM CLEANER

DESCRIPTION:

Orbafoam Polyurethane cleaner for fresh P.U. foam, before gets hard.

APPLICATIONS:

ORBAFOAM CLEANER is essential for cleaning and maintenance of Orbafoam application gun. Also to remove the surplus applied foam and the remaining foam in materials and tools. The cleaner is effective only when the foam is still fresh. Once gets cured, mechanical cleaning means have to be use.

Advice: **ORBAFOAM CLEANER** contains acetone. Can attack laked, painted and varnished surfaces, also plastic, so we recommend not rubbing them off.

INSTRUCTIONS:

While handling **ORBAFOAM** and **ORBAFOAM CLEANER**, we recommend wear gloves, safety goggles and work clothes.

Cleaning of the gun:

Fit the red push-button, apply the product over the adapter of the gun in order to remove the remaining foam. Replace the red push-button.
Screw the aerosol into the gun adapter. Apply till the solvent goes out from the end of the gun (at that stage, the gun is full of Orbafoam), wait 15 minutes in order that the cleaner acts, apply again till the solvent that appears at the end of the gun seems clean. Replace the can and empty the gun. Dry the gun adapter. We recommend lubricate the screw with Vaseline.

Important: the cleaning of the gun must be done just after release the empty can of Orbafoam.

When apply again Orbafoam after a cleaning, must be sure that the product works properly though a little quantity of it is wasted.

Cleaning of tools and surroundings

Fit the red push-button and apply the product from a distance of 20 cm. Clean with a dried cloth. Some lacquered, painted, and plastics materials could be attacked by the cleaner, we recommend not rubber on them.

Important: clean before Orbafoam starts getting hard.

TECHNICAL FEATURES:
